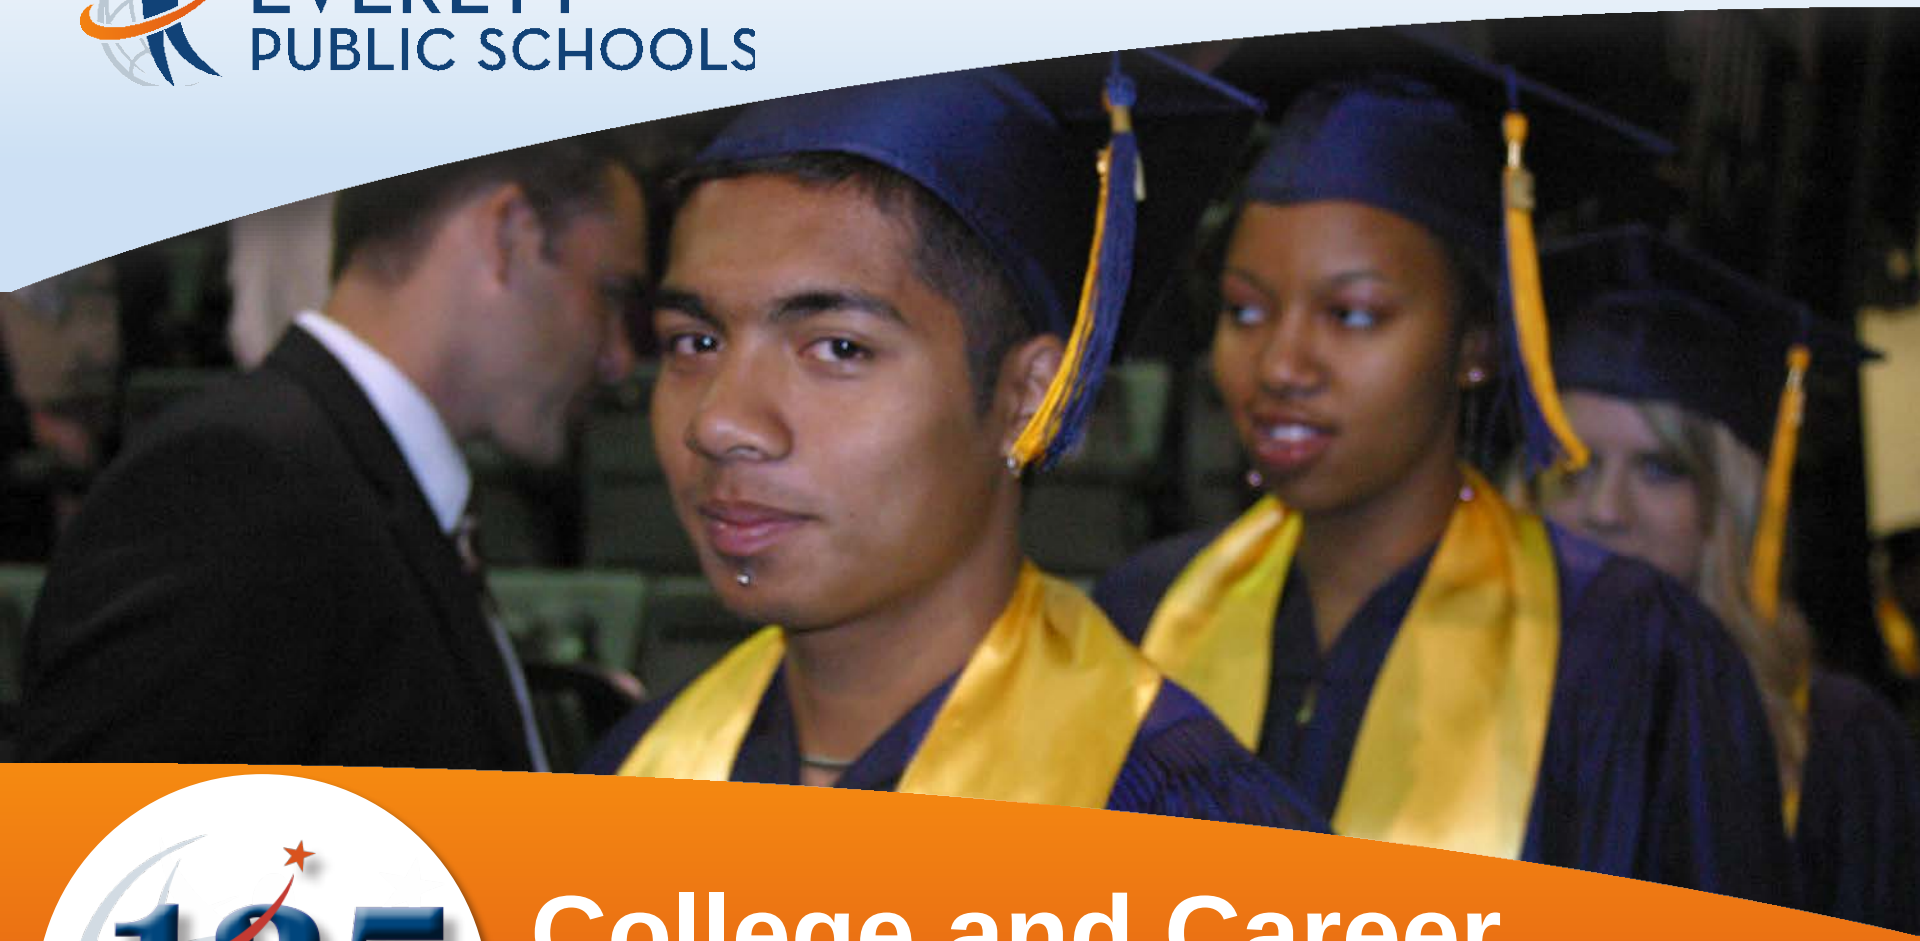
EVERETT PUBLIC SCHOOLS



College and Career Readiness Seminar

Our students will **lead** and **shape** the future.

College and Career Readiness Seminar

Background

- In 2001, Senior Seminar became a district-required class for seniors to complete a Reflective Letter, High School and Beyond Plan, Culminating Project, and Culminating Presentation.

- Over the years, the course changed based on feedback from students, staff, community, and state requirements.

- Currently, seniors complete College and Career Readiness Seminar as a graduation requirement.

College and Career Readiness Seminar

- In 2012-13, student feedback was collected through surveys, classroom observations, and student panels
  - Students overwhelmingly described a need for financial literacy to be taught in Senior Seminar.
- Counselors and teachers asked for a tool to support college and career readiness
  - Naviance was selected as the district's High School and Beyond Plan platform.
- In 2014-15, with a continued focus on post-secondary preparation, Senior Seminar developed into the current College and Career Readiness Seminar course.

Senior Seminar		**College and Career Readiness Seminar**
• Reflective Letter • High School & Beyond Plan • Culminating Project • Culminating Presentation	*Revised* →	• Increase student relevancy • Strengthen post-high school transitions • Focus on post-high school plans • Increase emphasis on 21st century skills
