Materials included in packet:

- Memo outlining changes to the waiver rules
- Draft rules on Chapter 180-18 WAC (Waivers)

Synopsis and Policy Considerations:

Do the draft rules align to preferred Board policy? Are there ambiguities, wording issues, or misalignment with law?

Parker Teed has conducted extensive outreach with OSPI on the development of these draft rules. If concerns with the draft arise, these rules can be held for approval as proposed rules at the November 2019 board meeting.

WAIVER RULES

Prepared for the September 2019 Board meeting

Summary of Recommended Changes to Chapter 180-18 WAC (Waivers)

- Technical corrections to correct or clarify language, improve structure, or reference statute.
- OSPI-administered “option one” waivers are a waiver of the 180 day requirement. These waivers are typically utilized for educator professional development. The proposed changes would:
 - Streamline the “Option One” waiver application process to simplify analysis. Remove application requirements that have proven not to be helpful in the approval process and present an additional burden on applicants.
 - Add a requirement for districts to summarize how equity was considered in their proposed plan.
- OSPI-administered parent-teacher conference waivers are a waiver of the 180-day requirement for the sole purpose of conducting parent-teacher conferences. The proposed changes would:
 - Removes content that would require an application process for up to five days, thus reducing administrative burden for districts or the state. The five-day limit is in rule, not in statute. However, this section retains the requirement that districts state how many partial days will be reduced as a result of waiving full days for parent-teacher conferences because it is potentially useful data.
- SBE-administered credit-based graduation requirement waivers are a waiver from the numerical credit requirements but not from the learning standards. The proposed changes would:
 - Remove requirement that SBE notify the State Board of Community and Technical Colleges, the Washington Student Achievement Council, and the Council of Presidents every time it passes a waiver from credit-based graduation requirements. The schools receiving the waiver are listed on the SBE website and awareness of these waivers within the higher education system is such that these notifications are no longer necessary.
- Economy and Efficiency “Option Two” Waivers allow up to 10 districts to operate with a four-day school week and waives the 180-day requirement. Districts receiving this waiver must still meet instructional hour requirements. The proposed revisions would:
 - Allow OSPI greater discretion on determining when districts are competing for the allowable number of slots by considering “other relevant information.”

- Remove the order of precedents for the selection and broaden approval criteria.
- Waivers from Career and Technical Education (CTE) course equivalencies are a waiver of the requirement that a school district must have CTE course equivalencies from the OSPI-approved list. The proposed revisions would:
 - Implement recent legislation. HB 1424, which broadened the requirement to at least one statewide equivalency course (in any academic graduation credit area), instead of restricting to science or mathematics.
 - Remove specific dates when districts may apply for this waiver so that OSPI can establish a timeline.
 - Remove the requirement that all approved applications be posted on OSPI's website replacing it with a list of approved applications so that OSPI can more easily meet ADA accessibility requirements for their website.

**WAC 180-18-030 Waiver from total instructional hour
requirements.** A district desiring to improve student
achievement by enhancing the educational program for all
students may apply to the superintendent of public instruction

for a waiver from the total instructional hour requirements. The superintendent of public instruction may grant said waiver requests that demonstrate the waiver is necessary to support improving student achievement pursuant to RCW 28A.300.750~~305.140~~ and WAC 180-18-050 for up to three school years.

Commented [PT(2)]: Technical correction to reference correct statute

WAC 180-18-040 Waivers from minimum one hundred eighty-day school year requirement. (1) A district desiring to improve student achievement by enhancing the educational program for all students in the district or for individual schools in the district may apply to the superintendent of public instruction for a waiver from the provisions of the minimum one hundred eighty-day school year requirement pursuant to RCW 28A.305.140~~305.140~~ ~~300.750~~ and WAC 180-16-215 while offering the equivalent in

Commented [PT(3)]: Technical correction to reference correct statute

annual minimum instructional hours as prescribed in RCW

28A.150.220 in such grades as are conducted by such school district. The superintendent of public instruction may grant said waiver requests for up to three school years.

(2) The superintendent of public instruction, pursuant to RCW 28A.~~305.140(2300.750)~~, shall evaluate the need for a waiver

Commented [PT(4): Technical correction to reference correct statute

based on whether:

(a) The resolution by the board of directors of the requesting district attests that if the waiver is approved, the district will meet the required annual instructional hour offerings under RCW 28A.150.220(2) in each of the school years for which the waiver is requested;

(b) The purpose and goals of the district's waiver plan are closely aligned with school improvement plans under WAC 180-16-220 and any district improvement plan;

(c) The plan explains goals of the waiver related to student achievement that are specific, measurable, and attainable;

(d) The plan states clear and specific activities to be undertaken that are based in evidence and likely to lead to attainment of the stated goals;

(e) The plan specifies at least one state or locally determined assessment or metric that will be used to collect evidence to show the degree to which the goals were attained;

(f) The plan describes in detail the participation of administrators, teachers, other district staff, parents, and the community in the development of the plan.

~~(g) The plan summarizes how the district considered equity in the development of the plan. This may include, but is not limited to, an equity analysis, community feedback, or other means to assess ~~or a meeting in which~~ the equity consequences of the waiver were discussed. The findings of the consideration of equity are not required in the application.~~

Commented [PT(5): Updated to align to current SBE policy and practice - inclusion of summary of how the district considered equity

(3) In addition to the requirements of subsection (2) of this section, the superintendent of public instruction shall evaluate requests for a waiver that would represent the continuation of an existing waiver for additional years based on the following:

~~(a) The degree to which the prior waiver plan's goals were met, based on the assessments or metrics specified in the prior plan;~~

Commented [PT(6): Aligns to current policy/practice. OSPI and SBE experience reviewing these waiver requests demonstrates that this is not a meaningful part of the analysis.

~~(a)~~ The effectiveness of the implemented activities in achieving the goals of the plan for student achievement;

~~(b) Explanation of how the effectiveness of the plan is measured;~~

(c) Any proposed changes in the plan to achieve the stated goals;

~~(d) The likelihood that approval of the request would result in advancement of the goals;~~

~~(e)~~ Support by administrators, teachers, other district staff, parents, and the community for continuation of the waiver.

Commented [PT(7): Change to conform to current policy/practice ... intended to simplify applications and make them more concise.

Statutory Authority: Chapter 28A.630 RCW and 1995 c 208. WSR 95-20-054, § 180-18-040, filed 10/2/95, effective 11/2/95.]

WAC 180-18-050 Procedure to obtain waiver. (1)

Superintendent of public instruction approval of district waiver requests pursuant to WAC 180-18-030 and 180-18-040 shall occur prior to implementation. A district's waiver application shall include, at a minimum, a resolution adopted by the district board of directors, an application form, a proposed school calendar, and a summary of the collective bargaining agreement with the local education association stating the number of professional development days, full instruction days, late-start and early-release days, and the amount of other non-instruction time. The resolution shall identify the basic education requirement for which the waiver is requested and include information on how the waiver will support improving student achievement. The resolution must include a statement attesting that the district will meet the minimum instructional hours requirement of RCW 28A.150.220(2) under the waiver plan. The resolution shall be accompanied by information detailed in the

guidelines and application form available on the office of superintendent of public instruction's web site.

(2)(a) The application for a waiver and all supporting documentation must be received by the superintendent of public instruction based on a schedule issued by the superintendent of public instruction and prior to implementation of the waiver days. The superintendent of public instruction shall review all applications and supporting documentation to insure the accuracy of the information. In the event that deficiencies are noted in the application or documentation, districts will have the opportunity to make corrections and to seek superintendent of public instruction approval upon resubmittal.

(b) Based on a schedule issued by the superintendent of public instruction, the superintendent of public instruction will, on a determination that the required information and documentation has been submitted, notify the requesting district that the requirements of this section have been met and a waiver has been granted.

Commented [PT(8): Technical change to improve organization of the subsections one technical change to wording. Both non-substantive changes.

(3) Under this section, a district seeking to obtain a waiver of no more than five days from the provisions of the minimum one hundred eighty-day school year requirement pursuant to RCW 28A.305.140300.750 solely for the purpose of conducting parent-teacher conferences shall provide notification ~~of the district request~~ to the superintendent of public instruction at least thirty days prior to implementation of the plan. A request for more than five days must be presented to the superintendent of public instruction under subsection (1) of this section for approval. The notice shall provide information and documentation as directed by the superintendent of public instruction. The information and documentation shall include, at a minimum:

(a) An adopted resolution by the school district board of directors which shall state, at a minimum, the number of school days and school years for which the waiver is requested, and attest that the district will meet the minimum instructional hours requirement of RCW 28A.150.220(2) under the waiver plan;
and

Commented [PT(9): Technical correction to reference correct statute

Commented [PT(10): Clarifies language so that this is simply a notification and is not an application.

~~(b) A detailed explanation of how the parent teacher conferences to be conducted under the waiver plan will be used to improve student achievement;~~

~~(c) The district's reasons for electing to conduct parent teacher conferences through full days rather than partial days;~~

Commented [PT(11)]: Conforms to current policy and practice by eliminating unnecessary application/review burden of a notification.

~~(d) The number of partial days that will be reduced as a result of implementing the waiver plan.~~

~~(e) A description of participation by administrators, teachers, other staff and parents in the development of the waiver request;~~

~~(f) An electronic link to the collective bargaining agreement with the local education association.~~

Commented [PT(12)]: Conforms to current policy and practice by eliminating unnecessary application/review burden of a notification.

~~Based on a schedule issued by the superintendent of public instruction, the superintendent of public instruction will, on a determination that the required information and documentation have been submitted, notify the requesting district that the requirements of this section have been met and a waiver has been granted.~~

Commented [PT(13)]: Moved above to improve structure. Now (2)(b). Content retained, thus non-substantive change.

WSR 95-20-054, § 180-18-050, filed 10/2/95, effective 11/2/95.]

WAC 180-18-055 Alternative high school graduation requirements. (1) The shift from a time and credit based system of education to a standards and performance based education system will be a multiyear transition. In order to facilitate the transition and encourage local innovation, the state board of education finds that current credit-based graduation requirements may be a limitation upon the ability of high schools and districts to make the transition with the least amount of difficulty. Therefore, the state board will provide

districts and high schools the opportunity to create and implement alternative graduation requirements.

(2) A school district, or high school with permission of the district board of directors, or approved private high school, desiring to implement a local restructuring plan to provide an effective educational system to enhance the educational program for high school students, may apply to the state board of education for a waiver from one or more of the requirements of chapter 180-51 WAC.

(3) The state board of education may grant the waiver for a period up to four school years.

(4) The waiver application shall be in the form of a resolution adopted by the district or private school board of directors which includes a request for the waiver and a plan for restructuring the educational program of one or more high schools which consists of at least the following information:

(a) Identification of the requirements of chapter 180-51 WAC to be waived;

(b) Specific standards for increased student learning that the district or school expects to achieve;

(c) How the district or school plans to achieve the higher standards, including timelines for implementation;

(d) How the district or school plans to determine if the higher standards are met;

(e) Evidence that the board of directors, teachers, administrators, and classified employees are committed to working cooperatively in implementing the plan;

(f) Evidence that students, families, parents, and citizens were involved in developing the plan; and

(g) Identification of the school years subject to the waiver.

(5) The plan for restructuring the educational program of one or more high schools may consist of the school improvement plans required under WAC 180-16-220, along with the requirements of subsection (4)(a) through (d) of this section.

(6) The application also shall include documentation that the school is successful as demonstrated by indicators such as, but not limited to, the following:

(a) The school has clear expectations for student learning;

(b) The graduation rate of the high school for the last three school years;

(c) Any follow-up employment data for the high school's graduate for the last three years;

(d) The college admission rate of the school's graduates the last three school years;

(e) Use of student portfolios to document student learning;

(f) Student scores on the high school Washington assessments of student learning;

(g) The level and types of family and parent involvement at the school;

(h) The school's annual performance report the last three school years; and

(i) The level of student, family, parent, and public satisfaction and confidence in the school as reflected in any survey done by the school within the last three school years.

Commented [PT(14)]: Corrects/clarifies language

(7) A waiver of WAC 180-51-060 may be granted only if the district or school provides documentation and rationale that any noncredit based graduation requirements that will replace in whole or in part WAC 180-51-060, will support the state's

performance-based education system being implemented pursuant to RCW 28A.630.885, and the noncredit based requirements meet the minimum college core admissions standards as accepted by the higher education coordinating board for students planning to attend a baccalaureate institution.

(8) A waiver granted under this section may be renewed upon the state board of education receiving a renewal request from the school district board of directors. Before filing the request, the school district shall conduct at least one public meeting to evaluate the educational requirements that were implemented as a result of the waiver. The request to the state board shall include information regarding the activities and programs implemented as a result of the waiver, whether higher standards for students are being achieved, assurances that students in advanced placement or other postsecondary options programs, such as but not limited to: College in the high school, running start, and tech-prep, shall not be disadvantaged, and a summary of the comments received at the public meeting or meetings.

~~(9) The state board of education shall notify the state board for community and technical colleges, the Washington student achievement council and the council of presidents of any waiver granted under this section.~~

Commented [PT(15): Aligns to current policy/practice. These organizations do not need to be notified every time one of these waivers passes.

(~~9~~10) Any waiver requested under this section will be granted with the understanding that the state board of education will affirm that students who graduate under alternative graduation requirements have in fact completed state requirements for high school graduation in a nontraditional program.

(~~10~~11) Any school or district granted a waiver under this chapter shall report annually to the state board of education, in a form and manner to be determined by the board, on the progress and effects of implementing the waiver.

WAC 180-18-065 Waiver from one hundred eighty-day school year requirement for purposes of economy and efficiency—Criteria for evaluation of waiver requests. (1) In order to be granted a waiver by the superintendent of public instruction under RCW 28A.305.141 to operate one or more schools on a flexible calendar for purposes of economy and efficiency, a school district eligible for such waiver must meet each of the requirements of RCW 28A.305.141(2).

(2) In the event that a greater number of requests for waivers are received that meet the requirement of subsection (1) of this section than may be granted by the superintendent of public instruction under RCW 28A.305.141(3), if the superintendent of public instruction determines that the applying districts are otherwise eligible, their applications will be prioritized ~~in the following order~~ based on the following criteria:

(a) Districts that are already operating on a flexible calendar under this waiver program; ~~and~~

Commented [PT(16)]: Removes order of prioritization, thus allowing OSPI greater flexibility in making a determination on who gets a waiver.

(b) Those plans that best redirect monetary savings from the proposed flexible calendar to support student learning; and

(c) Other relevant information that may include financial savings, academic indicators, quality of application, community support, consideration of equity, and alignment to the district's strategic plan.

[Statutory Authority: ~~WAC is~~ RCW 28A.300.750 and 28A.305.141. WSR 18-24-090, § 180-18-065, filed 12/3/18, effective 1/3/19. Statutory Authority: RCW 28A.305.140(2) and 28A.305.141(3). WSR 12-24-049, § 180-18-065, filed 11/30/12, effective 12/31/12.]

Commented [PT(17): Allows OSPI greater discretion on making a determination. The measure of monetary savings is not a particularly useful way to compare these waiver applications because the savings of running a four-day week tend to be balanced out by the loss of revenue for school lunches and costs of keeping the building running.

Commented [PT(18): Removal of error. Thus, non-substantive clarification of language.

WAC 180-18-090 Alternative option to WAC 180-18-055. See WAC 180-51-050 (1)(b) as another option to award high school credit on the basis of competency.

WAC 180-18-100 District waiver from requirement for student access to career and technical education course equivalencies. (1) Any school district reporting, in any school year, an October P223 headcount of fewer than two thousand students as of January of that school year may apply to the superintendent of public instruction for a waiver of up to two

years from the provisions of RCW 28A.230.010(2) for the subsequent school year.

(2) In any application for a waiver under this section, the district shall demonstrate that students enrolled in the district do not have and cannot be provided reasonable access, through high schools, interdistrict cooperatives, skill centers or branch or satellite skill centers, or through online learning or applicable running start vocational courses, to grant academic course equivalency for at least one statewide equivalency high school career and technical education course from the list of courses approved by the superintendent of public instruction ~~at least one career and technical education course that is considered equivalent to a mathematics course or at least one career and technical education course that is considered equivalent to a science course as determined by the superintendent of public instruction~~ under RCW 28A.700.070.

Commented [PT(19): Implements recent legislation. HB 1424 which broadened the requirement to at least one statewide equivalency course (in any academic graduation credit area) instead of restricting to science or mathematics. RCWs 29A.230.097 and RCW 28A.230.010 were amended by HB 1424.

(3) On a determination, ~~in consultation with the office of the superintendent of public instruction,~~ that the students

of this section, the superintendent of public instruction shall grant the waiver for the term of years requested.

(4) The office of superintendent of public instruction shall post on its web site an application form for use by a district in applying for a waiver under this section. A completed application must be signed by the chair or president of the district's board of directors and superintendent.

(5) In order to provide sufficient notice to students, parents, and staff, the application must be submitted to the superintendent of public instruction in electronic form no later

than ~~January 15th of the school year prior to the school year~~
~~for which the waiver is requested~~ ~~the deadline established by the~~
~~office of superintendent of public instruction~~. The office of

superintendent of public instruction shall post a list of all
approved applications ~~received~~ on its public web site.

Commented [PT(21): Implements recent legislation. HB 1424 which broadened the requirement to at least one statewide equivalency course (in any academic graduation credit area) instead of restricting to science or mathematics. RCWs 29A.230.097 and RCW 28A.230.010 were amended by HB 1424.

Commented [PT(22): Aligns to current policy/practice. I researched this in SB 6552. There is not a requirement of January 15 in law so we can offer OSPI the flexibility of date established by OSPI.

Commented [PT(23): Change to conform to current policy/practice. This requirement isn't in law so I modified it to be more flexible for OSPI and so that they can avoid ADA accessibility issues of posting PDFs from districts.
