

## Strategic Plan Priority | System Design

Goal: School and district structures and systems adapt to meet the evolving needs of the student population and community as a whole. Students are prepared to adapt as needed to fully participate in the world beyond the classroom.

# 2019-2020 SCHOOL DISTRICT BASIC EDUCATION COMPLIANCE REPORT

*PREPARED FOR THE JANUARY 2020 BOARD MEETING*

### **Action**

School districts have submitted basic education compliance reports that are responsive to improved questions for the 2019-2020 school year. The Board will consider approval of school districts as in compliance with requirements of the program of basic education.

#### **Materials included in packet:**

- List of school districts being considered for approval
- PowerPoint will be included in additional materials

**Business Items:** Annually, State Board of Education staff process basic education compliance reports from all public school districts. Between late July and November, school districts respond to a survey to attest that they are meeting minimum requirements of the program of basic education. Staff examine the data for errors or issues of non-compliance, verify results by contacting school districts to ensure fidelity to state requirements, and analyze the findings. Based on staff review of each school district's program assurance form, staff recommend school districts to be certified as being in compliance with basic education approval requirements for the 2019-20 school year. If any school districts are still undergoing corrections, staff will recommend removal of those districts from the approval list.

For the 2019-2020 school year the following school districts are recommended to be certified as being in compliance with basic education approval requirements. This list comprises all 295 public school districts.

Aberdeen School District

Adna School District

Almira School District

Anacortes School District

Arlington School District

Asotin-Anatone School District

Auburn School District

Bainbridge Island School District
