

High School and Beyond Plan

By: Madaleine Osmun

Update on Madaleine

- Great XC Season
 - Team Won Regionals, 5th in 3A State
 - PR: 19:57 for a 5K
- Robotics
 - Compete in February
- National History Day
 - Also Compete in February

Small Snapshot of Mt. Spokane HS

Cats Come Back- Inspires students to do something unique with their talents.

Purpose: Exposure To Options

- Students told to work hard
- Get them thinking
- Students want knowledge, not concrete decisions

Success: What we are trying to promote?

- Shift focus from 4-year college to multiple successful lifestyles for all students
- Seems nearly impossible
 - Lack of resources

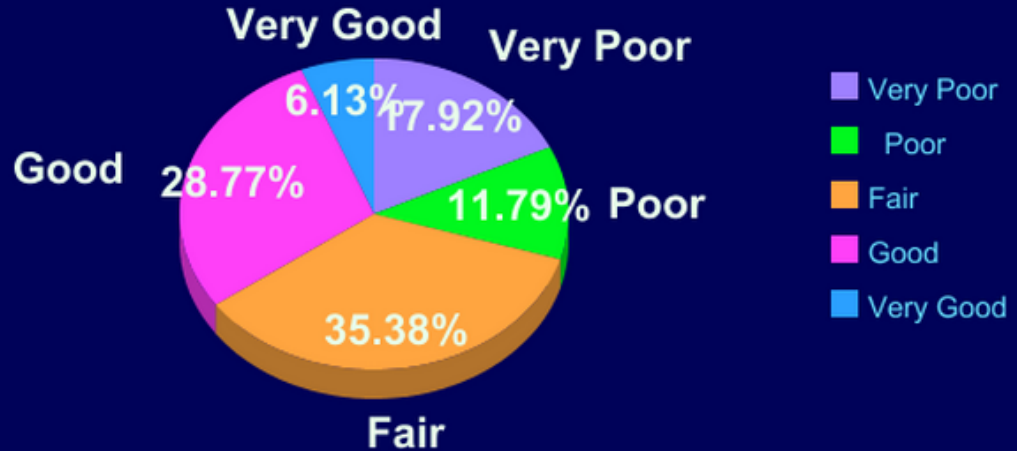

The Bias

- Teachers went to 4-year Universities
 - What they know as their own success
- Intent: to equip students with tools to succeed in life
 - Shoot high- 4-year college
 - Teachers need help from community

Student Polls

- Students feel they are educating themselves on their future more than the high school

How helpful has Mt. Spokane been in preparing you for a successful future?

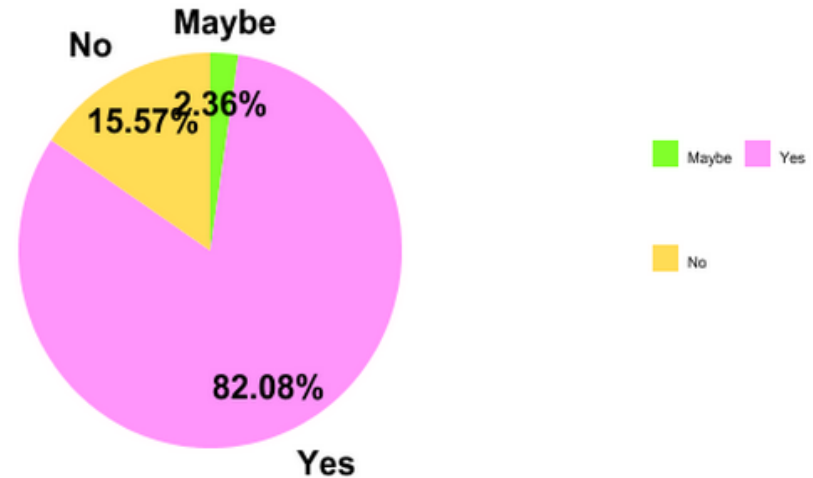

Mt. Spokane High School
Students

Student Polls

- Most kids want to be knowledgeable about possibilities
- Meaningful and early on

Would you benefit from learning about different career and college pathways in high school?

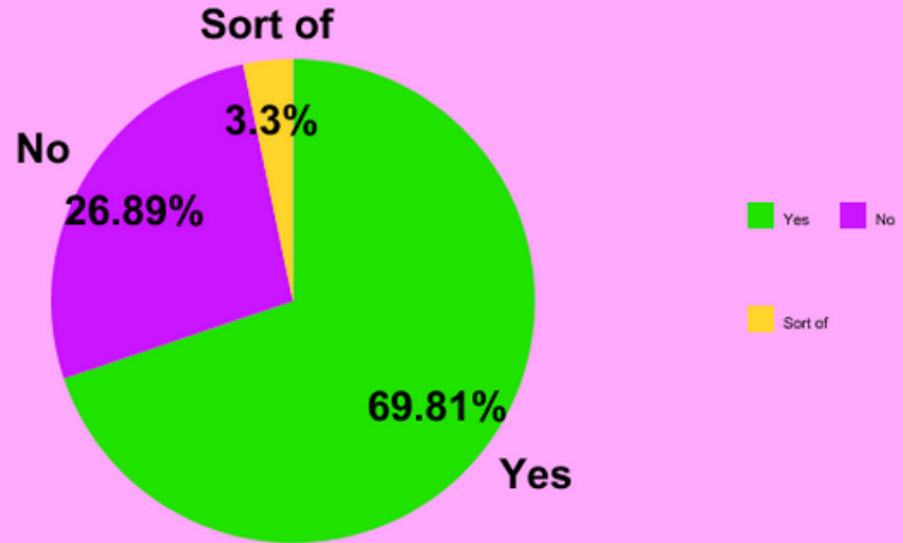

Mt. Spokane High School
Students

Student Polls

- Somewhat inconsistent with other results

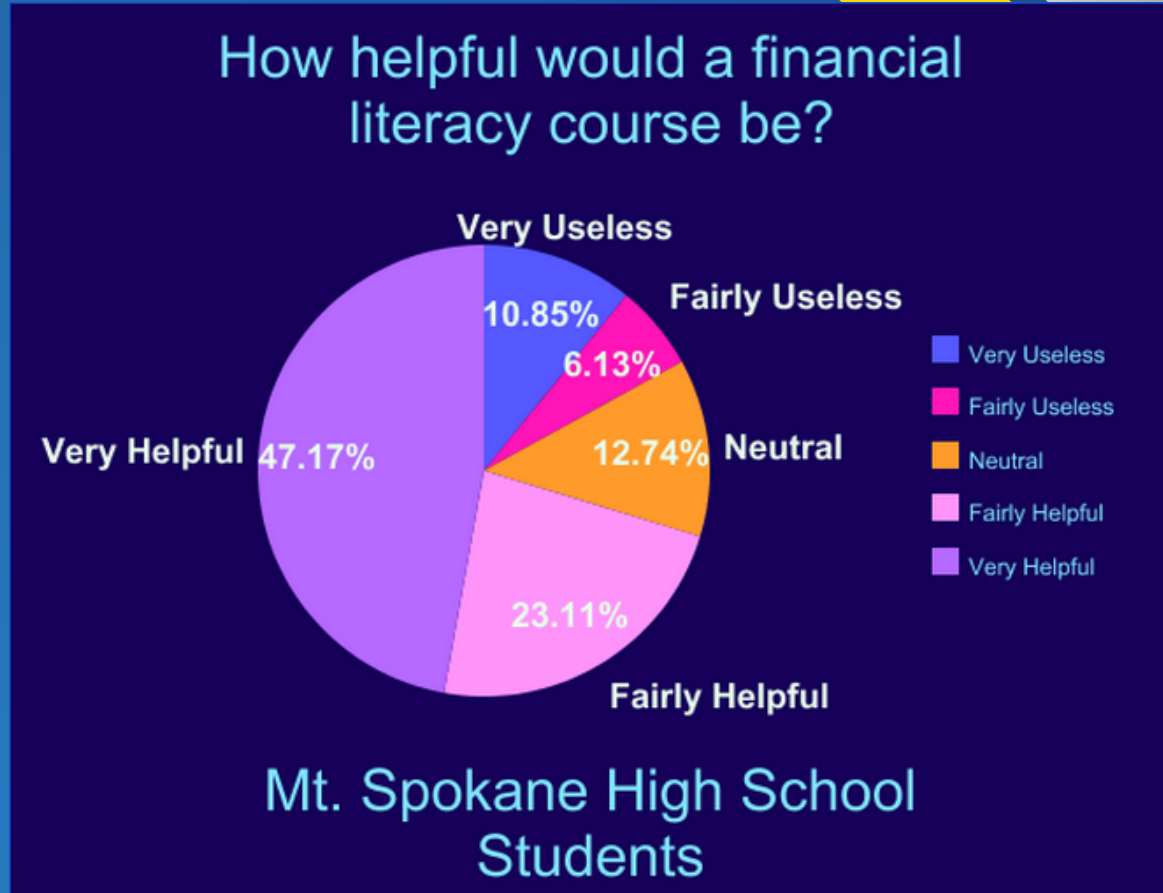

Do you currently have a plan for your life after high school?

Mt. Spokane High School
Students

Student Polls

- 70.28% said YES
- Students are interested in being prepared for the test of life

Baking vs. Cooking

Baking- Sticking strictly to the recipe

Cooking- Staying close to the recipe, but tossing in whatever fits based on the audience

It's the same with each student

WA State HSBP

- Straight Forward
- Only missing clear guidelines on the implementation
- Plan cannot account for the people behind the execution of the plan

Inconsistency

- Inconsistent across the state and in districts
- i.e. Financial Literacy

IMPORTANT

- Many students fought against the plan and talked it down
- After taking survey they realized benefits
- HSBP is important whether we like it or not

HSBP According to Madaleine

- HSBP is important and essential
- Majority would benefit
- Needs to be meaningful, introduced at a young age, hands on
- Outline for system is great, implication is lacking
- Senior Year is TOO late!
