

# 2026-27 Minimum Basic Education Requirement Collection – Sample Survey for LEAs with One High School

*Note: The format of this document, including question numbering, does not look the same as the online survey. There are also missing numbers due to survey logic. However, the questions are the same. Also, some questions will not apply to LEAs that only enroll high school students.*

## **PAGE: Overview, Instructions, and Deadlines**

A note for people using screen reading technology: This survey uses question logic to collect additional information. If you are having difficulty completing this survey, please email the State Board of Education's [Accessibility Coordinator](#) for alternative options to complete this survey. The State Board of Education is committed to ensuring everyone has equal access to our services.

### Overview

To receive annual Basic Education funding, local education agencies (LEAs) must meet the minimum instructional program of basic education defined in [RCW 28A.150.220](#). The minimum instructional program is part of Washington's Program of Basic Education established under Chapter [28A.150](#) RCW. Under the Program of Basic Education, LEAs must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship.

The State Board of Education (SBE) is responsible for ensuring LEA compliance with the minimum instructional program of basic education ([RCW 28A.150.220\(7\)](#) and [WAC 180-16-195](#)) for the upcoming school year. SBE manages this annual data collection survey for LEAs to confirm compliance and indicate how they are meeting other legislative requirements. Survey responses to required questions and responses to possible follow-up questions from SBE staff will complete the reporting requirement for the 2026-27 school year. LEAs required to fill out this survey include:

- Public school districts
- Public charter schools
- State-Tribal Education Compact schools (STEC schools) - STEC schools may have basic education exemptions in their compact
- Direct-Funded Technical Colleges (DFTCs) that offer basic education-funded high school programs
- State-funded Institutions (Washington Center for Deaf and Hard of Hearing Youth and Washington State School for the Blind)

In addition to being the tool LEAs use to show compliance, this survey also:

- Informs LEAs of requirements and recommendations in current law,
- Provides information to help inform SBE's [FutureReady](#) graduation requirements initiative
- Allows SBE to gather data for an annual report showing how basic education is implemented throughout the state. See [SBE's Basic Education website](#) for past reports.

## Instructions:

### Recommended First Step

Please review the following resources before starting the survey:

- There are two sample surveys that show the questions asked so you can gather appropriate data and information. Required questions have an asterisk, and optional questions are generally labeled as optional. Note that survey questions and placement are different from previous years. The two surveys are:
  - [2026-27 Sample Survey for LEAs with High Schools](#)
  - [2026-27 Sample Survey for LEAs without High Schools](#)
- The [2026-27 Basic Education Compliance Matrix](#) lists the offerings required for basic education certification and additional legislatively required offerings. It also lists legislatively encouraged offerings and has links to relevant statutes and rules, Washington State School Directors' Association model policies, and Office of the Superintendent of Public Instruction (OSPI) bulletins and webpages. Survey questions are tied to all of the offerings listed in the matrix.
- Review your LEA's 2025-26 school year survey submission. A PDF of the submission was emailed to the superintendent and the person who submitted the survey last year.

### Answering Questions

- **New this year:** Some questions will be pre-filled based on past responses or other publicly available data. The survey will ask you to confirm the answers and make changes if needed.
- Generally, LEAs will only be asked questions appropriate to their enrolled grade levels. LEAs with high school grades are required to answer more questions than other LEAs.
- Required questions are marked with a **red asterisk (\*)**. If you answer a question with a response that is not in alignment with state requirements, a warning will appear asking if your answer was correct. You will be able to go back and change your answer if you made a mistake or you may continue on (the warnings are not included in the sample survey to reduce length).
- SBE encourages LEAs to answer optional questions to provide comprehensive data about educational offerings in the state.
- The amount of time the survey takes depends on the grades the LEA enrolls, as well as whether the survey taker needs to do any research to answer questions.

### Saving Survey before Submission

After you begin, your progress is automatically saved - you just need to go back to the main survey link and re-enter your LEA code. Alternatively, you may save your progress and return to your application using the "Save and continue later" option at the bottom of each page and shown below. After you enter your email and click the "Save" button, you will receive an emailed link. When you return to the survey using the emailed link, you will be taken to the last page you completed in full, and you will also be able to navigate back to previous pages to make changes or review your entries.

## Submitting the Survey

- **Before submission, the superintendent, LEA leader, or another person with the authority to sign for the LEA, must certify that both the superintendent/LEA leader and the school board president or chairperson have reviewed and approve the submission of the survey and that the answers are correct and accurate (as required by [WAC 180-16-195](#)).**
- Prior to certification, you will be able to download/print a PDF of all responses so you can review and make any necessary changes before the final step.
- At the bottom of the certification page, be sure to click on the "Submit" button. Upon submission, you will receive an email confirmation with a PDF attachment of your responses. Items that start with the **yellow highlighted** phrase "POTENTIAL COMPLIANCE ISSUE" indicate potential issues with your responses that will need to be addressed.

## Deadline

**The final survey submission deadline is Tuesday, September 15, 2026 ([WAC 180-16-195\(1\)](#)).** LEAs that submit earlier may be certified as being in compliance with the minimum instructional program of basic education as early as June 2026 as shown below. Survey responses that indicate non-compliance will delay the certification process.

If survey is submitted by:	Your LEA may be certified as early as:
Tuesday, June 2, 2026	SBE's June 23-25 meeting
Wednesday, July 22, 2026	SBE's August 12-13 meeting
Thursday, August 20, 2026	SBE's September 10 meeting
Tuesday, September 15, 2026	SBE's October 14-15 meeting

We will regularly update [SBE's Basic Education webpage](#) with survey submission and LEA certification status in June. We are unable to send out individual communications regarding your LEA's status.

## **Reminder: Willful Noncompliance Law**

In 2025, the Washington Legislature passed Engrossed Substitute House Bill 1296, which requires the Office of the Superintendent of Public Instruction (OSPI) to establish a process for receiving and investigating complaints alleging willful noncompliance with certain state laws, including required minimum instructional hours and specific curriculum requirements. OSPI may impose consequences, including withholding and redirecting basic education funding toward a compliance action plan and recalling school board members. OSPI must establish the complaint process by July 1, 2026. See [OSPI's rulemaking activity page](#) for more information.

## **PAGE: LEA Information**

The information below is prefilled based on last year's survey submission and the Office of the Superintendent of Public Instruction's [Education Directory](#) and Report Card. Please review for accuracy and make any necessary changes before going to the next page.

If the superintendent name and email are incorrect, please change in the survey and also notify your LEA's Data Security Manager, EDS School Manager, or Directory Manager so they can update the directory. If you don't know who that is, contact OSPI EDS Technical Support at [eds.support@k12.wa.us](mailto:eds.support@k12.wa.us) or 1.800.725.4311.

**PAGE: Accessibility and Minimum School Days**

RCW [28A.150.220\(5\)](#) requires the following:

- Each LEA's K-12 basic education program must be accessible to all students who are five years of age and less than 21 years of age, as provided by RCW [28A.225.160](#), and shall remain accessible to students with disabilities as defined in RCW [28A.155.020](#) from age 21 until the end of the school year in which those students turn 22 years of age.
- An LEA's school year must be a minimum of 180 school days for all K-12 grades served unless it has an OSPI-approved waiver.
  - LEAs administering the [Washington kindergarten inventory of developing skills \(WaKids\)](#) may use up to three school days at the beginning of the school year to meet with parents and families (Family Connection meetings) without applying for a waiver.
  - LEAs with graduating seniors may schedule the last five school days for noninstructional purposes, including, but not limited to, the observance of graduation and early release from school upon the request of a student.

**6) For the grades served by the LEA, will the LEA's basic education program be accessible to all students who are at least five years of age and less than age 21, and remain accessible to students with disabilities from age 21 until the end of the school year in which those students turn age 22 as required by RCW [28A.150.220\(5\)](#)?\***

If there is nothing in the text box, it means that either OSPI has not processed a waiver application or SBE does not have the waiver information yet. Please explain what was/will be requested and, if necessary, go to OSPI's school day waiver page for application instructions.\*

## **PAGE: Minimum Instructional Hours**

RCW [28A.150.220\(2\)](#) and [WAC 180-16-200](#) require LEAs to meet minimum instructional hour requirements based on grades enrolled, even if the LEA has an approved waiver to offer less than

180 school days. The minimum instructional hours are described in the table below:

Grade Level	Minimum Instructional Hours Per Year
Kindergarten	At least 1000 hours
Grades 1–8 only	District-wide average of at least 1,000 hours
Grades 9–12 only	District-wide average of at least 1,080 hours
Districts/LEAs with high school grades and below	<i>Option 1.</i> District-wide average of at least 1,080 hours for grades 9–12 AND a district-wide average of at least 1,000 hours for grades 1–8. <b>OR</b> <i>Option 2.</i> District-wide average of at least 1,027 hours for grades 1–12.

Instructional hours are defined in RCW [28A.150.205](#). They include hours for parent-teacher conferences. They may also include noninstructional hours that an LEA schedules in the last five school days of the school year for 12th-graders as defined in RCW [28A.150.220\(5\)\(c\)](#).

## **PAGE: High School Graduation Requirements: High School and Beyond Plan**

The [High School and Beyond Plan \(HSBP\)](#) is a high school graduation requirement for every student. It is both a process and a document for students, parents, and teachers to guide students through high school and think about their future. Plans are personalized and designed to help

students set, visualize, and work to achieve goals. The state's universal HSBP platform, which LEAs should all be using in the 2026-27 school year, will have the required features listed in RCW [28A.230.215](#).

**39) In addition to those requirements provided by the universal platform, LEAs must meet the HSBP requirements listed in RCW [28A.230.212](#) and [WAC 180-51-220](#). They include, but are not limited to:**

- By **seventh grade**, each student must be administered a career interest and skills inventory that will help inform the student's eighth grade course taking and initial identification of their education and career goals.
- By **eighth grade**, each student must have begun development of a high school and beyond plan that includes a proposed plan for first-year high school courses aligned with graduation requirements and secondary and postsecondary goals. If a student does not earn a math assessment score of 3 or 4 by grade 9, the HSBP must be updated to ensure that the student takes a mathematics course in both grades nine and 10.
- In **high school**, with staff support, students must update their high school and beyond plan annually to review academic progress and inform future course taking as outlined in [RCW 28A.230.212\(3\)](#) and [WAC 180-51-220\(4\)\(k\)](#).
- Plans must include the elements listed in [RCW 28A.230.212\(6\)](#), [WAC 180-51-220\(3\)](#), and [Substitute Senate Bill 5841](#)
- For a student with an individualized education program (IEP), the student's IEP and high school and beyond plans must align.
- Plans must be provided to students and their parents/legal guardians in a language they understand.
- More requirements are listed on SBE's [High School and Beyond Plan website](#).

## **PAGE: High School Graduation Requirements: Graduation Pathway Options**

To graduate from public high school and earn a high school diploma, students must complete at least one of the nine graduation pathway options defined in RCW 28A.230.710 and WAC 180-51-230. Graduation pathway options provide students multiple ways to show readiness for their individual education and career goals. The pathway a student completes must align with the student's postsecondary goals as described in their High School and Beyond Plan.

LEAs are:

- Required to annually provide students in grades eight through 12 and their parents or legal guardians with comprehensive information about the graduation pathway options offered by the LEA and
- **Strongly encouraged** to begin providing this information to students in grade six.

**44) For the 2026-27 school year, will the LEA annually provide information about graduation pathway options to students in grades 8 through 12 and their parents or guardians?\***

- Yes
- The LEA does not enroll all grades 8 through 12, but does provide annual graduation pathway information to all applicable grades enrolled.
- No

**46) For the 2026-27 school year, will every student earning a high school diploma be required to complete at least one of the [nine graduation pathway options](#) that is in alignment with the student's High School and Beyond Plan? \***

The following offerings are required by the Washington Legislature, but they are not explicitly tied to basic education. *The answers to these questions are not used for basic education compliance determinations.* However, answers will help SBE understand how requirements are implemented statewide. Answers are also shared with OSPI.

**RCW 28A.320.170 requires all LEAs to incorporate tribal history and culture into their curriculum as follows:**

- When an LEA reviews or adopts its social studies curriculum on July 24, 2015 or after, the LEA must incorporate curricula about the history, culture, and government of the nearest federally recognized Indian tribe or tribes, so that students learn about the unique heritage and experience of their closest neighbors. LEAs meet this requirement through using the [John McCoy \(lulilaš\) Since Time Immemorial tribal sovereignty curriculum](#) and may modify that curriculum in order to incorporate elements that have a regionally specific focus or to incorporate the curriculum into existing curricular materials.
- When conducting regularly scheduled reviews and revisions of their social studies and history curricula, LEAs must collaborate with any federally recognized Indian tribe within their district, and with neighboring Indian tribes, to incorporate expanded and improved curricular materials about Indian tribes, and to create programs of classroom and community cultural exchanges.
- In addition, LEAs shall collaborate with OSPI on curricular areas regarding tribal government and history that are statewide in nature, such as the concept of tribal sovereignty and the history of federal policy towards federally recognized Indian tribes. OSPI's [Office of Native Education](#) shall help local school districts identify federally recognized Indian tribes whose reservations are in whole or in part within the boundaries of the district and/or those that are nearest to the school district.

### **108) New Question:**

RCW 28A.320.192 requires LEAs to provide students who are in or released from an institutional education facility with access to world language proficiency tests, American sign language proficiency tests, and general education development (GED) tests. Access to the tests may not be conditioned or otherwise dependent upon a student's request. LEAs must award at least one high school credit to students who meet the standards set by SBE that are listed in OSPI's October 2022 bulletin.

Additional credits may be awarded by the LEA if a student has completed a course or courses of study to prepare for the test. If the LEA has mastery-based crediting policy for state or local assessments, the LEA must apply this policy for students in or released from an institutional education facility.

This requirement is not new, but previous basic education compliance surveys only asked about the GED section of the law.

**In the 2026-27 school year, will the LEA provide access to world language proficiency tests, American sign language proficiency tests, and GED tests to students currently or formerly in institutionalized educational settings, as well as award credit for meeting the standards set by SBE as required under [RCW 28A.320.192](#)? ## **PAGE: Mastery-Based Crediting (MBC) and Mastery-Based Learning (MBL)**

[Mastery-based learning](#) (sometimes referred to as “competency-based education”) is an educational approach designed to help students learn deeply and effectively, have agency in their own learning, and to progress in their learning at their own pace upon demonstration of skills and learning.

While “mastery-based learning” encompasses strategies that are characteristic of good instruction and might be employed throughout K-12 education, “mastery-based crediting” is a specific high school crediting opportunity. Through mastery-based crediting, students may be awarded credit for a variety of learning experiences that could take place in school settings or could take place largely outside of traditional classroom instruction.

Please answer the following questions to share information about mastery-based crediting and mastery/competency-based learning in your LEA. This will help the state understand how these education options are being implemented across the state.
