

Data Orientation Exercise

Part A: Primary schools

Information	School 1	School 2	School 3
% FRL (pg. 1, range, legend)			
% LEP (pg. 3, range, legend)			
Median growth percentile (pg. 1, estimate, x-axis)			
Percent met standard (pg. 1, estimate, y-axis)			
Tier label in the current Index (pg. 2, legend)			
Score in 10 point Index – Equal weighting of growth and achievement (pg. 2, estimate, y-axis)			
Score in 10 point Index – Growth weighted more heavily than achievement (pg. 3, estimate, y-axis)			

Observations/Questions:

Part B: Secondary schools

Information	School 1	School 2	School 3	School 4
% FRL (pg. 4, range, legend)				
% LEP (pg. 6, range, legend)				
Median growth percentile (pg. 4, estimate, x-axis)				
Percent met standard (pg. 4, estimate, y-axis)				
Tier label in the current Index (pg. 5, legend)				
Score in 10 point Index – Equal weighting of growth, achievement, and graduation rates (pg. 5, estimate, y-axis)				
Graduation rates (pg. 6, estimate, x-axis)				

Observations/Questions:
