## Draft Exhibit E

### **DRAFT EXHIBIT E: 2016-2017 MINIMUM BASIC EDUCATION REQUIREMENTS COMPLIANCE**

RCW 28A.150.220 (Basic Education – Minimum instructional requirements – Program accessibility) requires the SBE to adopt rules to implement and ensure compliance with the program requirements imposed by this section and related laws on basic education allocations.

RCW 28A.150.250 directs that if a school district's basic education program fails to meet the basic education requirements enumerated in these sections of law, the SBE shall require the Superintendent of Public Instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured.

The SBE carries out this duty through required, annual reporting by school districts on compliance with the minimum basic education requirements set in law. These include:

1. Kindergarten minimum 180-day school year.
2. Kindergarten total instructional hour offering.
3. Grades 1-12 minimum 180-day school year.
4. Grades 1-12 total instructional hour offering.
5. State high school graduation minimum requirements.

Compliance reporting on page one also includes a question on whether the district has received a waiver of the minimum 180-day school year and which method of calculating instructional hours was used by the district (i.e. 1000 hours in grades 1-8 and 1080 in grades 9-12 or 1027 hours as a district-wide average).

District graduation requirements are reported on page two of the compliance report so that SBE may respond accurately to questions about district requirements from other school districts, the Legislature, and The Office of Superintendent of Public Instruction (OSPI). These questions also allow staff to collect data on Career Technical Education course equivalencies and other credit and non-credit district graduation requirements. The other credit and non-credit district graduation requirements include the High School and Beyond Plan, culminating project, computers and digital technology, community service, and personal finance.

On July 30, 2016 the SBE launched the basic education compliance reports in the OSPI iGrants system. On July 31, 2016 the SBE notified all districts that they must complete and submit the online report by September 15, 2016. After the deadline, periodic reminders were sent to districts that had not yet submitted compliance reports.

All 295 districts have submitted basic education compliance reports. However, Staff have processed only 293 districts and the Board is recommended to approve of 293 districts at the November 2016 with the exception of Boistfort School District and Tukwila School District. Boistfort has submitted an Option One waiver request for the 2016-17 school year. Staff are awaiting approval or denial of the waiver request to process Boistfort's basic education compliance report. Tukwila School District submitted a letter to the SPI and SBE stating that there was an error in the calculation of instructional hours during the 2015-16 school year and that they have corrected it for the 2016-17 school year. SBE staff will write a letter to Tukwila requesting calendar information to ensure that they have met the minimum instructional hour requirement. The Board's approval of Boistfort's and Tukwila's basic education compliance reports will be recommended for consideration at the January 2017 State Board of Education meeting.
